M E M O R A N D U M

TO: Individuals Requesting the North Carolina Semiannual Dialysis Reports

FROM: Victoria McClanahan, Planner
Medical Facilities Planning Section

SUBJECT: North Carolina Semiannual Dialysis Reports

DATE: December 11, 2008

The Division of Health Service Regulation (DHSR) continuously strives to provide timely service in the most fiscally prudent way. As part of this ongoing effort, whereas the "January 2009 Semiannual Dialysis Report" will be posted on the DHSR website on January 2, 2009, copies of the report will not be mailed to you on that date.

Additionally, all future semiannual dialysis reports will be posted on the DHSR website on the report due date and will not be mailed out on the due date. Also, because any corrections made to the reports will be posted promptly on the web, we will not send you written notification of those corrections.

The web address where the semiannual dialysis reports are located is:

<http://www.ncdhhs.gov/dhsr/mfp/sdreport.html>

Feel free to contact the Medical Facilities Planning Section at (919) 855-3865 if you need assistance accessing the semiannual dialysis reports. You may also contact the Planning Section after the report due date to request a paper copy of the "Semiannual Dialysis Report".

The Division appreciates your support of this change.
